Which Learning Environment Is Best For Your Child?

Our approach to education is founded upon high academic standards and our primary focus is to promote the development of a Godly character. With our tremendously supportive learning environment, we have over 25 years of alumni who have since graduated from Major Universities in Canada and abroad. We are committed to serving quality, faith-based education.

Private School Is The Best Option

Children enjoy a sense of belonging. Parents need to know that their child is safe, nurtured, encouraged, and challenged to excel. Shiloh Christian Institute offers families a caring and supportive educational environment that prepares each young mind for a bright future.

We teach Christian principles based upon the inspired word of God and we integrate them into the daily life of each student. We encourage our students to ask questions, research, and think critically while building a foundation of Christian character.

At age 15, private high school students scored significantly higher than public high school students on reading, mathematics, and science assessments, and by age 23, had higher levels of educational attainment. The students who attended private high schools were more likely to have socio-economic characteristics positively associated with academic success.

Getting You Involved

Shiloh embraces the belief that it *“takes a village to raise a child.”* With this understanding, every parent is automatically considered a member of the Parent Teacher Association (PTA). Shiloh holds PTA meetings every other month during the school year.

These meetings allow parents to learn about the culture of SCI and make suggestions on how to improve our school. This partnership between parents and school faculty helps our students to be very successful.

PARTNERING WITH PARENTS

A triangular support system with our SCI staff as the firm foundation, parents on one side of the triangle, and your child(ren) on the other side.

MAXIMIZING OUR IMPACT

We have programs in place to ensure maximum impact at home and at school. Our programs are at their best when we work closely with parents.

| Principal's Message

“Nothing builds the self-esteem of a child like when they start a new journey not knowing they can do something, and shortly afterward they realize they have exceeded all the expectations set before them. This sends a clear message that they can do ALL things through Christ who strengthens them.

I've seen this happen time and time again with so many students here at Shiloh. It's with this confidence that I would like to introduce you to the school I have spent my life building. A school that was birthed out of my desire to see children prosper with God as their guide.”
